1 Definitions

1.1 'Safeguarding' is defined in Keeping Children Safe in Education (2022) as;

- protecting children from maltreatment;
- preventing the impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

1.2 'Child Protection' is the intervention that occurs when children have been significantly harmed or are at risk of significant harm.

1.3 'Child' refers to everyone under the age of 18.

1.4 'Parent' refers to birth parents and other adults in a parenting role for example adoptive parents, stepparents and foster carers.

1.5 'Staff' or 'members of staff' refers to all teaching, non-teaching, support, supply, peripatetic, contract staff, governors, volunteers and trustees working in or on behalf of St. Elizabeth's School.

1.6 Within this policy, we use the term 'victim', although it is recognised that not everyone considers themselves to be a victim or would want to be described in this way. We also recognise the importance of not using the terminology of 'perpetrator' in relation to children in cases where the behaviour can be harmful to both parties. The appropriate use of terminology will be determined on a case-by-case basis.

2 Introduction

2.1 We recognise that safeguarding and child protection and promoting the welfare of children is an essential part of our duty of care to all students. As such, all staff and governors have a responsibility to provide a safe environment in which children can learn. We understand that safeguarding, child protection and promoting the welfare of all children is everyone's responsibility and everyone has a role to play in protecting children. We recognise that our school is part of a wider safeguarding system for children and work closely with other agencies to promote the welfare of children. We maintain an attitude of 'it could happen here' and will consider what is in the best interests of each child in line with and upholding the Human Rights Act and Equality Act 2010.

2.2 The purpose of this policy is to;

- Promote safeguarding and child protection and to demonstrate St. Elizabeth's commitment to keeping children safe;

- Provide all members of staff with the information required to meet their safeguarding duty and protect children from harm;
- Provide stakeholders with clear information relating to St. Elizabeth's safeguarding and child protection procedures;
- Ensure that staff understand, can recognise and can respond to the indicators of abuse, exploitation and neglect.
- Ensure that all staff are aware of their mandatory reporting duty in relation to Section 5B of the Female Genital Mutilation Act 2003; and
- Ensure that children are protected from maltreatment or harm.

2.3 St. Elizabeth's is committed to the following principles;

- All children have the right to be protected from harm.
- Children should feel safe and secure and cannot learn unless they do so.
- All staff are responsible for keeping children safe and have a responsibility to act if they think a child is at risk of harm.
- All staff take on a responsibility to promote children's welfare.
- Providing support to families and/or children as soon as a problem emerges is essential to improving outcomes for children and families.

2.4 Safeguarding aims

2.4.1 The safeguarding aims of St. Elizabeth's, in line with Keeping Children Safe in Education (September 2022) are to;

- work to identify children who are suffering or likely to suffer abuse, exploitation or neglect and act to protect them;
- work with relevant services and agencies to ensure that children are protected from harm;
- provide a learning environment for children which is safe and secure;
- teach children how to keep themselves safe and provide structures for them to raise concerns if they are worried or at risk of harm;
- support children's mental health and wellbeing;
- ensure that we adhere to safer recruitment guidance and legislation, deal promptly with allegations of abuse against staff and take bullying and harassment seriously;
- train staff effectively in all safeguarding issues (including online safety) and in their responsibilities for identifying and protecting children that are or may be at risk of harm;
- have a designated safeguarding lead and designated deputies, who will provide support to staff, students and families;
- recognise that all children may be vulnerable to abuse, but be aware that some children have increased vulnerabilities due to special educational needs or disabilities or particular protected characteristics (LGBTQ+, etc);

- maintain a robust recording system for any safeguarding or child protection information;
- ensure that everyone in St. Elizabeth's understands the safeguarding procedures; and to
- regularly review policies and procedures to ensure that children are protected to the best of our ability.

In addition, we have regard to non-statutory interim guidance on safeguarding schools, colleges and other providers during the coronavirus outbreak. 3.6.4 The Coventry Safeguarding Children Partnership (CSCP) have designated that schools and colleges are a named 'relevant agency'. As such, the school is under a statutory duty to co-operate with published CSCP arrangements.

4 Types of abuse

4.1 As outlined above, all staff will be trained in indicators of abuse, exploitation and neglect and should be able to recognise signs of abuse. We recognise that abuse, exploitation and neglect, along with other safeguarding issues, are complex and often multi-dimensional and therefore don't fall solely under one category. Types of abuse or harm can take many forms including, directly inflicting harm on a child or failing to protect a child from harm online as well as face to face both inside and outside of the school as well as the multi-faceted occurrence of factors causing emotional harm.

The four main types of abuse that staff are trained to recognise are;

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect.

4.2 Types of abuse (Taken from Keeping Children Safe in Education, 2021)

Type of abuse	Information
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse.

	<p>Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.</p>
Physical abuse	<p>A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.</p>
Emotional abuse	<p>The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.</p>

Sexual abuse	<p>Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.</p> <p>The sexual abuse of children by other children is a specific safeguarding issue in education and all staff should be aware of it and of St. Elizabeth's policy and procedures for dealing with this.</p>
Child sexual exploitation (CSE)	<p>CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, (b) for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.</p>
Neglect	<p>The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or</p>

	development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
--	---

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's services (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should be available at all times, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from Children's Services and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 The school recognises that any child can be the victim of abuse and may benefit from early help. However, the school will be particularly vigilant to potential need for early help if a child;

- is disabled or has certain health conditions and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;

- is a risk of modern slavery, trafficking, sexual or criminal exploitation;
- is misusing drugs or alcohol themselves;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse;
- has returned home to their family from care;
- is showing early signs of abuse and/or neglect;
- is at risk of being radicalised or exploited;
- is at risk of 'honour-based' abuse such as Female Genital Mutilation or Forced Marriage;
- is persistently absent from education, including persistent absences for part of the school day.
- is a privately fostered child.²

4.7 *St. Elizabeth's* recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if *St. Elizabeth's* believes that a child is at risk of or is the victim of;

- bullying, including cyberbullying, prejudice based and discriminatory
- child criminal exploitation (including involvement in county lines);
- child sexual exploitation;
- domestic abuse;
- emotional abuse;
- fabricated or induced illness;
- faith-based abuse;
- female genital mutilation;
- forced marriage;
- gangs or youth violence;
- gender-based violence;
- hate;
- mental health;
- neglect;
- peer on peer abuse;
- physical abuse;
- radicalisation;
- relationship abuse;
- serious violence and harassment;
- sexual abuse;
- sexual violence or sexual harassment (including peer on peer abuse);
- sharing of consensual or non-consensual nude and semi-nude images/videos;
- So-called 'honour-based' abuse;
- trafficking and modern slavery.

4.8 *St. Elizabeth's* will also take action to protect;

- Children missing education;
- Children missing from home or care.

4.8.1 There are other familial issues that can have a detrimental impact on children.

We work with other agencies in line with Keeping Children Safe in Education (2022) to support children and families in the following circumstances;

- Children facing the court procedures and/or children in the court system;
- Children with family members in prison;
- Children who are homeless;
- Children who need a social worker.

4.9 Child potentially at greater risk of harm

4.9.1 *St. Elizabeth's* recognises that some children need a social worker due to abuse, neglect or complex family circumstances and that abuse and trauma can leave children vulnerable to further harm, as well as educational disadvantage.

4.9.2 The Designated Safeguarding Lead will hold information relating to social workers working with children in the school.

4.9.3 This information will inform decisions about safeguarding and promoting welfare (including the provision of pastoral and/or academic support).

4.10 Children missing from Education

4.10.1 *St. Elizabeth's* understands that children missing from education can be a vital warning sign to a variety of safeguarding concerns including neglect, child sexual and criminal exploitation.

4.10.2 *St. Elizabeth's* will report information to the Local Authority when problems are first emerging and always should this result in the removal from roll.

4.11 Elective Home Education

4.11.1 *St. Elizabeth's* recognises that many home educated children have a positive learning experience and the decision is one with the child's best interests at heart.

4.11.2 Since 2016, *St. Elizabeth's* has a statutory duty to inform the Local Authority of all deletions from roll. When Elective Home Education is the reason for this removal, the Local authority and other key professionals will work alongside *St. Elizabeth's* to coordinate a meeting with parents where possible ideally before a final decision is made.

4.12 Mental Health

4.12.1 The school recognise that safeguarding and promoting the welfare of children includes preventing the impairment of children's mental health or development.

4.12.2 All staff will be aware that mental health problems may be an indicator that a child is suffering or is at risk of suffering abuse, neglect or exploitation.

4.12.3 Staff will not attempt to make a diagnosis of a mental health problem unless they are appropriately trained.

4.12.4 We recognise that staff are well-placed to observe behaviour that may indicate that a child is experiencing a mental health problem, or is at risk of developing one. There are clear systems and processes in place for identifying possible mental health problems. If staff are concerned that a child is suffering a mental health problem, they should inform the DSL/DDSL immediately and record the concerns on CPOMs. The child will receive support from the DSL and Learning mentor to assess the level of need. Parents will be consulted and, if appropriate, school may refer to other agencies for advice and support.

4.12.5 If staff are concerned that a child is experiencing a mental health problem that is also a safeguarding concern, they must report this to the Designated Safeguarding Lead (or deputy Designated Safeguarding Lead) immediately.

4.12.6 The Senior Mental Health Lead and mental health first aider (Julie Miles) is responsible for the promotion of mental health and wellbeing across the school.

4.12.7 Further information, guidance and advice regarding mental health can be found in paragraph 41 of Keeping Children Safe in Education 2022. 4:13 (New Section) –

4.13 Children who are Lesbian, Gay, Bi or Trans (LGBT+)

The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT.

Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced and provide a safe space for them to speak out or share their concerns with members of staff.

LGBT inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse

5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's Services where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to Children's Services or to the police, they should inform the DSL as soon as possible.

5.3 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately;

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play;
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories.
- Any significant changes in attendance or punctuality;
- Any significant changes in a child's presentation;
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures/allegations of abuse that children have shared.

5.4 There will be occasions where a child discloses/alleges abuse directly to a member of staff. If this happens, the member of staff will;

- listen carefully to the child and believe what they are saying;
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support;
- only ask for clarification if something is unclear and will not ask 'leading' questions;
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day;
- only discuss the issue with colleagues that need to know about it; and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this but delay should be avoided.

5.5 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child, or following a direct disclosure recording a clear rationale. The DSL may consider the following options;

- Manage support for the child internally within school;
- Seek advice from the social worker advice line in the MASH;
- Instigate single agency intervention and work directly with the family to improve the situation;
- Offer an Early Help Assessment to provide multi-agency help to a family;
- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if St. Elizabeth's is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them.
- If parents do not consent to a referral but the school believes that a child is at significant risk of harm, a referral will still be made to Children's Services.

5.6 For further information about the Coventry Safeguarding Children Partnership's 'Right Help, Right Time' guidance, which is used by *the school* to make decisions about protecting children, please visit

<http://www.coventry.gov.uk/righthelprighttime>.

5.7 See page 24 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2022).

5.8 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and Children's Service professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they either;

- are informed by a girl under 18 that an act of FGM has been carried out on her;
or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth.⁴

If you believe a child is at risk of FGM, a referral to the MASH is also required.

5.9 St. Elizabeth's have a duty to refer any children who are living in a private fostering arrangement to the local authority. Private fostering is when a child under the age of 16 (or under 18 if disabled) is cared for by someone who is not their parent or a close relative. This is a private arrangement made between a parent and a carer, expected to last 28 days or more, or the school are aware the 28 days has been exceeded.

5.10 All schools are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 in the exercise of their functions to have "due regard" to the need to prevent people from being drawn into terrorism. See Appendix B for further information on St. Elizabeth's Prevent duty.

5.11 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

5.12 Child on Child Abuse

5.12.1 St. Elizabeth's understands that both adults and other children can perpetrate abuse, and can happen inside and outside of school, online or face to face. Child on child abuse is taken very seriously. Peer on peer abuse can include bullying (including cyber-bullying, prejudice-based and discriminatory bullying), abuse in intimate personal relationships between children, physical abuse, sharing of consensual or non-consensual images of videos, causing someone to engage in sexual activity without consent, sexual violence and/or harassment, upskirting, and initiation/hazing ceremonies. The school recognises that safeguarding issues can manifest as child -on-child abuse.

5.12.2 All members of staff will be made aware of the school's policy and procedures with regards to child-on-child abuse. *The school will ensure staff understand what is meant by child-on-child abuse and the school policy on child-on-child abuse by delivering training at the start of each academic year. Ensuring staff read KCSiE 2022 and the school Safeguarding Policy. Staff should also read and be familiar with the anti-bullying policy.*

5.12.3 *St. Elizabeth's will work to prevent child on child abuse by engaging in work with the children and educating them to understand child on child abuse, protective behaviours, who to talk to and what should be reported. Children should be in no doubt about what behaviours are unacceptable. Children should be supported appropriately at all times in corridors, on the playground and in cloakrooms and toilets.*

5.12.4 Although it is recognised that if there are no reported cases, such abuse may still be taking place. If an allegation of child-on-child abuse is made, St. Elizabeth's will investigate this by talking to individual children, ensuring that appropriate consequences are put in place and talking to parents of the alleged perpetrator and victim. This will be recorded on CPOMs. Depending on the seriousness of the incident, other agencies may need to be involved.

5.12.5 In the event that an allegation of child-on-child abuse is made, victims, alleged perpetrators and any other children affected will be supported by dealing with the incident sensitively and discreetly. Children will be spoken to by the Head teacher and the victim will not be left alone with the alleged perpetrator. The head teacher will make any decisions regarding consequences and whether a fixed term exclusion may need to be considered. Parents will be consulted referral to the MASH will be considered.

5.12.6 St. Elizabeth's will never pass off peer on peer abuse as 'banter' or 'part of growing up' or other such termination that does not recognise the harm caused. This should be a Zero-tolerance approach as this could lead to a culture of unacceptable behaviours. It is recognised with this, that all child-on-child abuse is unacceptable and will be taken seriously.

5.12.7 St. Elizabeth's uses residential settings, e.g. Dol-Y-Moch or Alton Castle. During these trips we will endeavour to be extra vigilant and will adhere to the settings policies on child-on-child abuse.

5.12.8 St. Elizabeth's will adhere to guidance set out in Keeping Children Safe in Education (2022) and Sexual Violence and Sexual Harassment in Schools (September 2022) when responding to incidents of child-on-child abuse.

5.13 5.13 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

5.13.1 Both CSE and CCE are forms of abuse that occur when an individual or group take advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator through violence or threat of violence. CCE and CSE can affect both males and females and can include children that have been moved for the purpose of exploitation (trafficking).

5.13.2 CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing, vehicle crime, threatening violence on others or even carrying weapons.

5.13.3 The school is responsible for recognising children involved in CCE are victims of exploitation and should be recognised as such due to the harm they have experienced even if they appear to have consented to the criminal activity.

5.13.4 CSE is a form of child sexual abuse including physical contact and non-contact online activities including the internet or by phone. This can happen over time or as a one off and may happen without the child recognising this as abuse or harmful.

5.13.5 The school recognises that children of the age of 16 and 17 who can legally consent to a sexual relationship may also be the victims of CSE but may not recognise this.

5.14 Sharing of consensual or non-consensual nude and semi-nude images or videos

5.14.1 "Sharing of consensual or non-consensual nude and semi-nude images or videos" refers to any sharing of youth-produced sexual imagery between children. This includes;

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18;

- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult;
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.14.2 The school has a responsibility to educate children in the risks relating to 'sharing consensual or non-consensual nude images or videos' and how to keep themselves safe online.

5.14.3 Any incidents or suspected incidents of 'sharing consensual or non-consensual nude images or videos' should be reported to the DSL without delay.

5.14.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include;

- Referrals to the MASH in regard to both peers (also the police if urgent response required);
- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, (January 2018);
- Support for young people involved to prevent reoccurrence;
- Sanctions in accordance with behaviour policy;

5.14.5 Any incidents of 'sharing consensual or non-consensual nude images or videos' involving the following will result in a MASH and sometimes a Police referral;

- Adult involvement;
- Coercion or blackmail;
- Children under the age of 13;
- Extreme, or violent content;
- Immediate risk of harm.

5.14.6 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.14.7 We will work with parents as necessary if their child is involved in the sharing of consensual or non-consensual nude images or videos.

5.14.8 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

5.15 Domestic Abuse

5.15.1 Domestic abuse can be a single incident or a pattern of incidents. It can also include psychological, physical, sexual, financial or emotional acts of abuse.

5.15.2 The school recognises that children can be a victim of Domestic Abuse by seeing, hearing or experiencing the effects or suffering domestic abuse in their own personal

relationships. These all have a detrimental impact on children's health, well-being, development and ability to learn. The school receives notifications from Operation Encompass where an incident of domestic abuse is reported to and attended by the police. Staff should not approach the parent or child regarding this but be ready to support as and where necessary. School would carry out a home visit on the first day of absence and there are concerns of domestic abuse.

5.16 Searching, Screening and Confiscation

5.16.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in St. Elizabeth's.

5.16.2 St. Elizabeth's adheres to 'Searching, Screening and Confiscation: Advice for Schools (January 2018).

5.16.3 Please see the school behaviour policy for further information.

5.17 Online Safety

5.17.1 The school recognises that in today's world, children need to be safeguarded from potentially harmful and inappropriate online material with many children having unlimited and unrestricted access to the internet via their mobile phone. The breadth of issues can be categorised currently into four areas of risk as taken from Keeping Children Safe In Education 2022:

- *Content – being exposed to illegal, inappropriate, or harmful content (pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism)*
- *Contact – being subject to harmful online interaction with other users (peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit)*
- *Conduct – online behaviour that increases the likelihood of, or causes, harm (making, sending and receiving explicit images)*
- *Commerce – risks such as online gambling, inappropriate advertising, phishing and or financial scams*

5.17.2 St. Elizabeth's understands that the above can take place on a student's phone or smart device (including smart watches) whilst at school/college or elsewhere. The school have responded to this by having a whole school approach to online safety which aims to protect and educate students, parents and staff in their use of technology. The school would utilise the behaviour policy, the on-line safety curriculum and the acceptable use policy in order to manage and deal with any incidents.

5.17.3 The school has also established mechanisms to identify, intervene in and escalate any concerns highlighted through our filter and monitoring systems for both staff and

students. The effectiveness of this is regularly reviewed with staff aware of how to escalate concerns.

Actions where there are concerns about a child

(1) In cases which also involve a concern or an allegation of abuse against a staff member, see Part four of this guidance.

(2) Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

(3) Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

(4) Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

(5) This could include applying for an Emergency Protection Order (EPO).

5.18 To raise concerns about children, members of staff should contact the Multi-Agency Safeguarding Hub (MASH) by telephone to discuss the referral. They should then complete the online Multi-Agency Referral Form (MARF) and submit this to the MASH. The

school will follow up referrals if we do not receive feedback from Children's Services to ascertain the outcome of all referrals.

MASH Telephone number: 02476 788 555

MASH online referral form: <http://www.coventry.gov.uk/safeguardingchildren>

Out of hours Emergency Duty Team: 02476 832 222

Prevent/Channel Referrals: Refer to MASH (mash@coventry.gov.uk) and to CTU_GATEWAY@west-midlands.pnn.police.uk

5.18.1 If a child's situation does not appear to be improving following a referral, the school may re-REFER the child. We will also consider using the [Coventry Safeguarding Children Partnership's Managing Professional Disagreements policy](#) to ensure that our concerns have been addressed and that the situation improves for the child.

6 Record-keeping

6.1 All concerns, discussions and decision made will be recorded in writing and Information will be kept confidential and stored securely.

6.2 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be separate from the main school file and will only be accessed by the relevant safeguarding staff.

6.3 St. Elizabeth's keeps all safeguarding files electronically, *using a system called CPOMs.*

6.4 Staff will submit all concerns in writing to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.5 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file in a timely manner (5 days). Once received by the new school, this school will not retain the information.

6.6 The school will seek to hold at least two emergency contacts for every child.

6.7 All data processed by St. Elizabeth's is done so in line with the General Data Protection Guidelines and the Data Protection Act (2018). Please see the following policies for additional information;

https://165f4ecb-4cc0-4b37-9a9e-ebc01321a4ea.filesusr.com/ugd/49eef9_53ff29d92c6f4e25b0e7f8707f2fae7b.pdf

6.8 Further information regarding information sharing and data processing in relation to safeguarding can be found in Part One of Keeping Children Safe in Education (September 2022).

7 Photography and Images

7.1 Consent from parents to photograph children at school events for promotional reasons will be sought when the child joins *the school*.

7.2 Parents can withdraw consent at any time and must notify *the school* if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other identifiable personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

8 Early Help Assessment

8.1 St. Elizabeth's is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. St. Elizabeth's is committed to working closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

Families for All, Foleshill Road Coventry 02676 977991

8.2 St. Elizabeth's works within the Coventry Safeguarding Children Partnership's '[Right Help, Right Time](#)' framework, available on the CSCP website.

9 Staff training

9.1 In order for staff to be able to understand and discharge their safeguarding and child protection duties, *the school* has committed to training staff throughout the academic year. All staff members will be made aware of *the school's* safeguarding processes and structures and will receive training on these as part of their induction. As part of this training and their annual refresher, they will also receive;

- This 'Safeguarding and Child Protection Policy';
- The staff Code of Conduct
- Copies of Part 1 and/or Annex A of Keeping Children Safe in Education (September 2022)
- School procedures for Children Missing Education
- The school Behaviour Policy

9.2 Staff at *St. Elizabeth's* will; engage in Safeguarding Training at the start of each year. In addition they will be trained in the PREVENT duty, online safety, protective behaviours, mental health training. Volunteers and students will be inducted by the safeguarding lead before they take up any duties in the school. The DSL and deputy DSL will attend refresher training every 2 years, they will also attend DSL briefings each term. The DSL and

Head teacher will receive Safeguarding newsletter each week. The MAC will ensure the governors are trained in Safeguarding each year.

9.3 St. Elizabeth's recognises that children may engage in risky behaviours that may put them at additional risk of danger. These can include drug taking, alcohol abuse, truancy and the sharing of consensual or non-consensual nude images or videos⁵. Staff will also be trained in these areas in order to be able to further recognise if a child is at risk of harm.

9.4 - All staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

10 Safer Recruitment

10.1 *The school* is committed to providing children with a safe environment, in which they can learn. We take safer recruitment seriously and all staff are subject to the following checks;

- Identity check;
- DBS clearance;
- Prohibition from teaching checks (where required);
- Barred List check;
- Section 128 checks (as required - leadership and management);
- Reference check (two references required);
- Professional qualifications check ;
- Right to work in the UK check;
- Further checks for those who have lived outside the UK;
- Disqualification Under the Childcare Act 2006 checks (as required).
- Verification on the candidate's mental and physical fitness may also be sought.

10.2 A record of all checks on members of staff will be recorded on the Single Central Record.

10.3 All new members of staff will be required to obtain DBS clearance. St. Elizabeth's reserves the right to re-check DBS clearance for any member of staff where information is received that indicates that they may pose a risk to children and may ask candidates to be registered on the DBS update service.

10.4 At least one member of every interview panel will have undergone Safer Recruitment training which will be refreshed every 2 years.

10.5 We take proportionate decisions on whether to check individuals above and beyond what is legally required dependant on individual circumstances.

10.6 Any visitor to the school who has not been subject to the necessary checks will be supervised at all times and risk assessment completed.

10.7 All safer recruitment practices at St. Elizabeth's comply with Keeping Children Safe in Education (September 2022). See Part 3 of Keeping Children Safe in Education (September 2022) for further information. See safer Recruitment Policy for further details.

11 Allegations of abuse against staff (including agency, volunteers and contractors)

11.1 St. Elizabeth's takes all safeguarding matters including low level concerns and/or allegations that harm to a child has occurred against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (September 2022) and the CSCP Guidance, [‘Allegations Against Staff and Volunteers’](#).

11.2 Allegations or concerns may include

- Staff having behaved in a way that has harmed a child, or may have harmed a child;
- Staff possibly committing a criminal offence against or related to a child;
- Staff behaving towards a child or children in a way that indicates that he or she may pose a risk of harm to children; or
- Staff behaving or possibly behaving in a way that indicates they may not be suitable to work with children (including behaviour outside of work). This is known as ‘Transferable risk’.

11.3 If a concern or allegation of abuse arises against the Head teacher, or should there be a conflict of interest to the Headteacher, it must be immediately reported to the *Chair of Governors* and Catholic Senior Executive Leader without delay.

11.4 If a concern or allegation of abuse arises against a member of the Local Governing Body, Board of Directors or MAC Central Team, it must be immediately reported to the Catholic Senior Executive Leader (Marina Kelly).

11.5 If a concern or allegation of abuse arises against the Catholic Senior Executive Leader or Chair of the Board of Directors, it must be immediately reported directly to the Lado

11.6 - ‘Low-level’ concern does not mean it is not significant. This is a term used for any concern (no matter how small) that an adult working with a child may have breached the staff Code of Conduct and does not meet the harm threshold. Examples of which may include:6643 Being overly friendly with children, Having favourites, Taking photographs of children on their mobile phone, Engaging with a child on a one-to-one basis in a secluded area or behind a closed door. Or; Humiliating pupils.

11.7 If a concern or allegation of abuse arises against any member of staff, supply teacher, volunteer or contractor other than the Head teacher, it must be reported to the Head teacher without delay (who will report it to the Catholic Senior Executive Leader).

11.8 - In accordance with Keeping Children Safe in Education 2022, the school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

11.9 Concerns or allegations of abuse against staff must be reported to the Head teacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.10 The Head teacher or Chair of Governors should consider if the concern or allegation meets the threshold for Designated Officer intervention and seek guidance/advice if unsure by emailing lado@coventry.gov.uk. The details of the LAdo can be found at the front of this policy.

https://www.coventry.gov.uk/info/206/coventry_safeguarding_children_partnership/2628/local_authority_designated_officer_lado

11.11 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.12 If a child has suffered or may have suffered abuse or harm, a MASH referral will also be made.

11.13 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to *the school* in managing the allegation.

11.14 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns, irrespective of whether they have resigned. 11.15 - Complaints Procedure

11.15 The School operates a complaint procedure which will be followed where a pupil or parent raises a concern about poor practice towards a pupil that initially does not reach the threshold for child protection action. Poor practice examples include unfairly singling out a pupil or attempting to humiliate them, bullying or belittling a pupil or discriminating against them in some way. Complaints are managed by the CESL, the headteacher, other members of the senior leadership team and governors.

Complaints from staff are dealt with under the school's complaints and disciplinary and grievance procedures. (Also refer to Low level concerns)

Complaints which escalate into a child protection concern will automatically be managed under the school's child protection procedures.

11.16 Supply Teachers and all contracted staff

11.16.1 Although the school does not directly employ supply teachers and contractors, the school will ensure that any concerns or allegations are referred to LADO and the relevant agency informed as the employer.

11.16.2 The school will never cease to use a supply teacher for safeguarding reasons without liaising with the Local Authority Designated Officer and reaching a suitable outcome.

11.16.3 Governing bodies/proprietors will liaise with the supply agency to determine whether to suspend or redeploy the supply teacher whilst they carry out their investigation.

11.16.4 The school will inform supply agencies of its process for managing allegations, including inviting the agency's human resource manager (or equivalent) to meetings and regularly updating agencies on relevant school policies. The school will usually take the lead because agencies do not have direct contact with children or staff, so will not be able to gather information.

11.17 Governors

11.17.1 If an allegation or concern is about a Governor, the school will follow local procedures.

11.18 Volunteers

11.18.1 Risk assessments and a DBS check will be requested for all volunteers. Under no circumstances will a volunteer prior to satisfactory checks being completed, be alone with children unsupervised or allowed to work in regulated activity.

11.19 Whistleblowing

11.19.1 St. Elizabeth's operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or St. Elizabeth's safeguarding processes to the senior leadership team.

11.19.2 Appropriate whistleblowing procedures are in place whereby the senior leadership team will take all concerns seriously.

11.19.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

12 Promoting safeguarding and welfare in the curriculum

12.1 St. Elizabeth's recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

12.2 The school will teach children about safeguarding, including online safety. As part of a broad and balanced curriculum, the school will cover relevant issues in line with government guidance on Relationships Education, Relationships and Sex Education and Health Education

12.3 Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment. The school/college will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by the school/college's behaviour policy and pastoral support system, as well as by a planned programme of evidence based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum (RSHE) Children at St. Elizabeth's will receive the following as part of our promotion of safeguarding across the curriculum:

PSHE, SRE, RE, protective behaviours, online safety, anti-bullying awareness, visits from outside agencies e.g. Dudley Lodge, NSPCC assemblies including Pants campaign, parents education sessions.

12.4 Education at home and remote education

If we were to re-enter a situation where remote learning was required, the school would automatically revert to the COVID addendum.

13 Children Looked After

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. St. Elizabeth's recognises that children looked after may have additional vulnerabilities by virtue of this. The Designated Lead for Looked-After and Previously Looked-After Children is Julie Miles

13.2 Staff will receive training on how to best safeguard children who are Looked-After and who have been Previously Looked-After.

13.3 The school will work with Personal Advisors when children leave care (where applicable).

13.4 St. Elizabeth's is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

14 Children with Special Educational Needs and Disabilities or physical health needs

14.1 As outlined in Keeping Children Safe in Education (2022), St. Elizabeth's is aware that children with additional needs or disabilities may be more vulnerable to abuse both online and offline and additional barriers may exist when recognising abuse and neglect. This could be because;

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children;
- the potential for children with SEN and disabilities or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.⁶
- Being unable to understand the difference between fact and fiction in online content

14.2 Any reports of abuse involving children with SEND will therefore require close liaison with the designated safeguarding lead and SENCO. Staff will also be trained in recognising signs of abuse in children with SEN and disabilities or certain medical conditions.

14.3 Staff will take into account the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

14.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

15 Use of reasonable force

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is proportionate and necessary to ensure the safety of the child, staff and other pupils. *Strategies will be used to de-escalate situations and handling will only be used as a last resort. Only staff trained in appropriate techniques will be asked to engage in using reasonable force. Any incidents where reasonable force are used will be recorded in the Team Teach book.*

16 Work Experience

Students attending for work experience will be fully inducted by the safeguarding lead and be asked to read all relevant information including the Safeguarding Policy, Keeping children Safe in Education and the Code of Conduct. Students should provide a DBS and recorded on the SCR. Students will not be left to supervise children

unaccompanied by a member of staff. Work experience students should spend break times in their working area or they are permitted to go off site.

16 Alternative Provision

16.1 St. Elizabeth's will continue to be responsible for the safeguarding of Students placed with an alternative provision provider or work experience (delete work experience if not applicable) and will be satisfied that this provider meets the needs of the pupil. Written confirmation from the provider that appropriate safeguarding checks have been carried out will be sought on individuals working at the establishment, i.e. those checks that the school would otherwise perform in respect of its own staff.

16.2 The DSL will continue to have oversight of all pupils accessing any part of their learning from an alternative provider or delivery online or offsite provided by any organisation or individual not employed by the school. The DSL will ensure that robust arrangements are in place for timely and effective information sharing of safeguarding information between the school and alternative/external providers.

16.3 The DSL will also take responsibility for ensuring that robust procedures are in place to confirm attendance and to enable the swift reporting of non-attendance and children going missing from alternative/ external providers at any time when they should be with that provider.

17 Summary

17.1 The school is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact the school.

Appendix B – Further Safeguarding Information

Types of Abuse

As outlined in **paragraph 4.4**, the school will take action if we believe a child is at risk of or is suffering from abuse. Abuse is not limited to physical, emotional, sexual abuse and neglect. For further information on the definitions of the types of abuse below, please refer to **Keeping Children Safe in Education (2022)**, Annex A.

See below for policy information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

Bullying, including cyber- or online-bullying

The school takes all forms of bullying seriously and will respond sensitively and quickly to any reported bullying. Children should report any bullying to their class teacher, to the DSL or to any trusted member of staff and we will work to resolve it.

We also teach children about the dangers of bullying through our curriculum. See link to curriculum here:

Bullying can take many forms and we have several policies that cover different aspects of bullying. Please see the Anti-Bullying Policy, the Behaviour Policy and paragraph 5.8 of this policy for further information.

Child criminal exploitation (including involvement in county lines)

St. Elizabeth's is aware of the dangers that children are susceptible to from criminal influences. Staff are trained to be aware of the signs of grooming, they are also aware that vulnerable children can be at particular risk. Children are also educated in this area. Any suspected cases of such exploitation will need to be immediately reported to the school safeguarding lead who will speak to parents and refer to the MASH and police.

Domestic abuse – Include Operation Encompass

St. Elizabeth's is aware that domestic abuse is extremely detrimental to children's well-being and is a form of emotional abuse. The school makes clear its stance on how we deal with this in our declaration about Operation Encompass. Reported incidents of domestic violence within the family home will be discussed with the victim and a MASH referral will be made if necessary.

Fabricated or induced illness

St. Elizabeth's understands that children are considered to be at risk if a parent or other adult fabricates or induces an illness in a child. This amounts to emotional and/or physical abuse. Suspected cases should be taken seriously and reported to the safeguarding lead who will make a MASH referral.

Faith-based abuse

St. Elizabeth's takes very seriously any type of faith-based abuse. Children or staff should report any such cases to the safeguarding lead who will report to the relevant authorities immediately.

Female genital mutilation (A form of so-called 'honour-based' abuse)

St. Elizabeth's recognises that Female genital mutilation is a type of physical abuse and is illegal in this country. If teachers become aware of any such incidents having occurred, they have a statutory duty to report this to the police immediately with the support of the safeguarding lead. If a non-teaching member of staff becomes aware of an incident, they should report to the safeguarding lead who will report to the police and any other relevant authorities, including the MASH, immediately.

Forced marriage (A form of so-called 'honour-based abuse)

St. Elizabeth's recognises that forced marriage is illegal and will take seriously any allegations that forced marriage is being sought. Any such suspected incidents should be reported to the safeguarding lead who will report the incident to the police and make a MASH referral.

Gangs or youth violence

St. Elizabeth's takes very seriously children becoming involved in gang-based violence and will take all necessary steps to counter this issue. Staff will be made aware of any such signs that this is taking place and will report to the safeguarding lead if they believe that a child is at risk. The safeguarding lead will report to the police and make a MASH referral if required.

Gender-based violence

St. Elizabeth's takes seriously any incidents of gender-based violence. Any such incidents should be reported immediately to the safeguarding lead who will report to the police and a MASH referral will be made as necessary. Parents will be notified, and perpetrators will be disciplined as appropriate.

Hate

Hate and Hate crime are viewed seriously by St. Elizabeth's and will not be tolerated by the school. Any such incidents should be reported to the safeguarding lead who will ensure that the correct procedures are put in place depending on the seriousness of the situation. It is paramount that children are educated about this type of behaviour and a meeting will be sought with parents to address the issue. Perpetrators will be disciplined as appropriate.

Homelessness

Homelessness is recognised as extremely detrimental to children's well-being and will involve major upheaval in their lives. Even though they may have a roof over their head, they will be separated from their familiar surroundings and belongings and the stress on families is well documented. Staff should report any incidences of homelessness to the safeguarding lead who will ensure that family support is provided as necessary from either school or other agencies.

(So-called) 'Honour-based' abuse (For FGM and Forced Marriage, types of so-called 'honour-based' abuse, see above)

So-called "honour based" violence is illegal and viewed very seriously by St. Elizabeth's. If staff become aware that any families are involved in this, they should report this to the safeguarding lead immediately. There will be a referral to MASH and the police to ensure the safety of all involved.

Radicalisation and Extremism – <https://www.st-elizabeths.coventry.sch.uk/wp-content/uploads/2017/11/Tackling-Extremism-Radicalisation-Policy.pdf>

The school takes its Prevent duty extremely seriously (see policy above). Any incidents that are found to have occurred should be reported to the safeguarding lead who will make a referral to the Channel team.

Relationship abuse

St. Elizabeth's recognises that relationship abuse is unacceptable in any context and will work to tackle any reported incidents. Staff will provide family support for victims in order to report the abuse to the MASH and police as required.

Serious Violence

St. Elizabeth's recognises that serious violence is illegal and contrary to the Catholic Ethos of our school, it can have devastating effects on the lives of children. We will not tolerate any such incidents and as such we will report to the police and social care any incidents that we become aware of whether they be recent or historical.

Sexual violence or sexual harassment (including peer-on-peer abuse)

Sexual violence and/or sexual harassment is illegal and will not be tolerated at St. Elizabeth's. Children are taught to respect one another and that they should not touch anyone inappropriately. Incidents should be reported to the safeguarding lead who will alert the head teacher and parents of those involved. If appropriate a referral to the MASH and police will be made. Perpetrators will be sanctioned as necessary.

Sharing of consensual or non-consensual nude images and videos

St. Elizabeth's school believes that it is wholly unacceptable for children of primary school age to send or receive sexual messages (images are illegal under the age of 16.) Children are taught about online safety throughout the curriculum and receive specific sessions delivered by outside agencies such as the NSPCC, and CRASAC. Any incidents or disclosures should be reported to the safeguarding lead immediately (do not delete the message or image) who will alert the head teacher and parents of those involved. Other agencies such as the police or the MASH will be notified as necessary. Perpetrators will be disciplined as necessary. The school will report online imagery to get it removed.

Trafficking and modern slavery

Trafficking and slavery are illegal and St. Elizabeth's school takes very seriously its duty to uncover any such situations that are on-going. If staff suspect that anything of this nature is occurring within our school community then they should report this immediately to the safeguarding lead who will alert the head teacher and make the appropriate referrals to the police and the MASH.

Children missing from education, home or care

The school will also take action to protect;

- Children missing education

For children missing their education, the effects can be serious and wide ranging and could mean that the child is at risk. As a school, St Elizabeth's will make every effort to contact parents to ascertain the whereabouts of the child through our routine attendance procedures. Children missing from education for more than 10 days will be officially registered as missing and reported to the local authority. The school will also work closely with the police and/or the local authority to trace any missing children and provide any relevant information that will enable them to return to education.

Private Fostering

If a child is going to be staying with someone other than primary care givers for more than 28 days, they will be considered to be in Private Fostering situation. The school have a duty to refer any children who are living in a private fostering arrangement to the local authority. We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary caregivers for more than 28 days.
